# GREAT SALT LAKE ELEVATION

1986

2000

2022

2023

RECORD HIGH

**4211.65 FEET**

AVERAGE

**4202.2 FEET**

RECORD LOW\*

**4188.5 FEET**

\*PROVISIONAL

**4194.00 FEET**

# GSL Basin is Complex

- 36,000 mi<sup>2</sup>
- 4 states
- 18 counties
- 141 cities
- 70 groundwater aquifers
- 184,000 acres wetlands
- 1.5 million acres of farmland
- 693 thousand urban acres
- 1,300 reservoirs
- 150,000 water rights
- 2.8 million humans
- Behaviors
- Attitudes
- Values

# Integrating Efforts

HB 429 Great Salt Lake  
Watershed Integrated Water Assessment  
(\$5M, Finish by Nov 2026)

U.S. Bureau of Reclamation  
WaterSmart Basin Study  
(\$3.1M Match)

“Identify and evaluate BMPs that may be used to provide a reliable water supply that:

- Meet water quality objectives
- Meet agricultural water objectives
- Accommodate anticipated growth and economic development
- Provide adequate flow to sustain GSL, GSL’s wetlands, and other ecological functions in GSL’s watershed”

**-HB429**

“Provide a thorough trade-off analysis to help decision-makers balance water supply and demand, and avoid deterioration of agriculture, industry, and ecosystems”

**- Reclamation Basin Study**

# The Challenge

- Ensuring a resilient water supply requires extraordinary vision and collaborative effort. Solutions remain socially and technically complex as demands on this limited resource continue to increase.
- Today's water management decisions shape tomorrow's possibilities.

# The Challenge

## Social Complexity

- Social challenges
- Awareness challenges
- Fragmentation
- Organizational and institutional challenges
- Legal challenges

## Technical Complexity

- Water Supply
- Water management
- Land Management
- Quantification
- Environmental challenges

# Our Goal

Ensure a resilient water supply for Great Salt Lake and all water uses, including people and the environment, throughout the watershed.

# Objectives

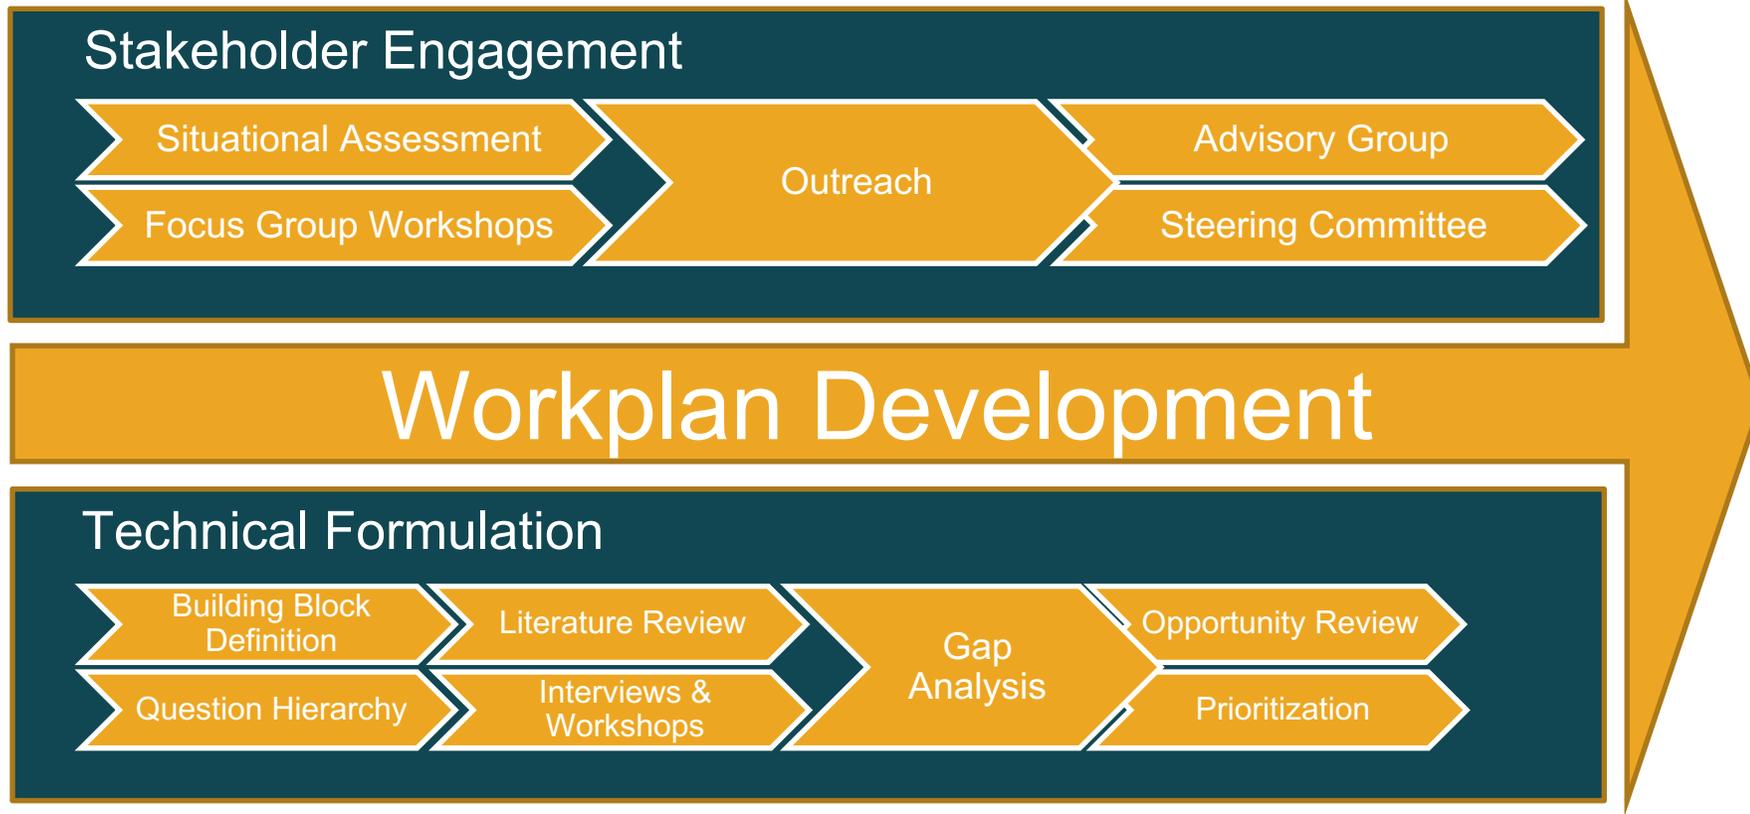

1. Forge connections
2. Develop a shared understanding
3. Quantify water resources
4. Evaluate options
5. Recommend actions

# An Integrated Approach to Work Plan Development

# Work Plan Development

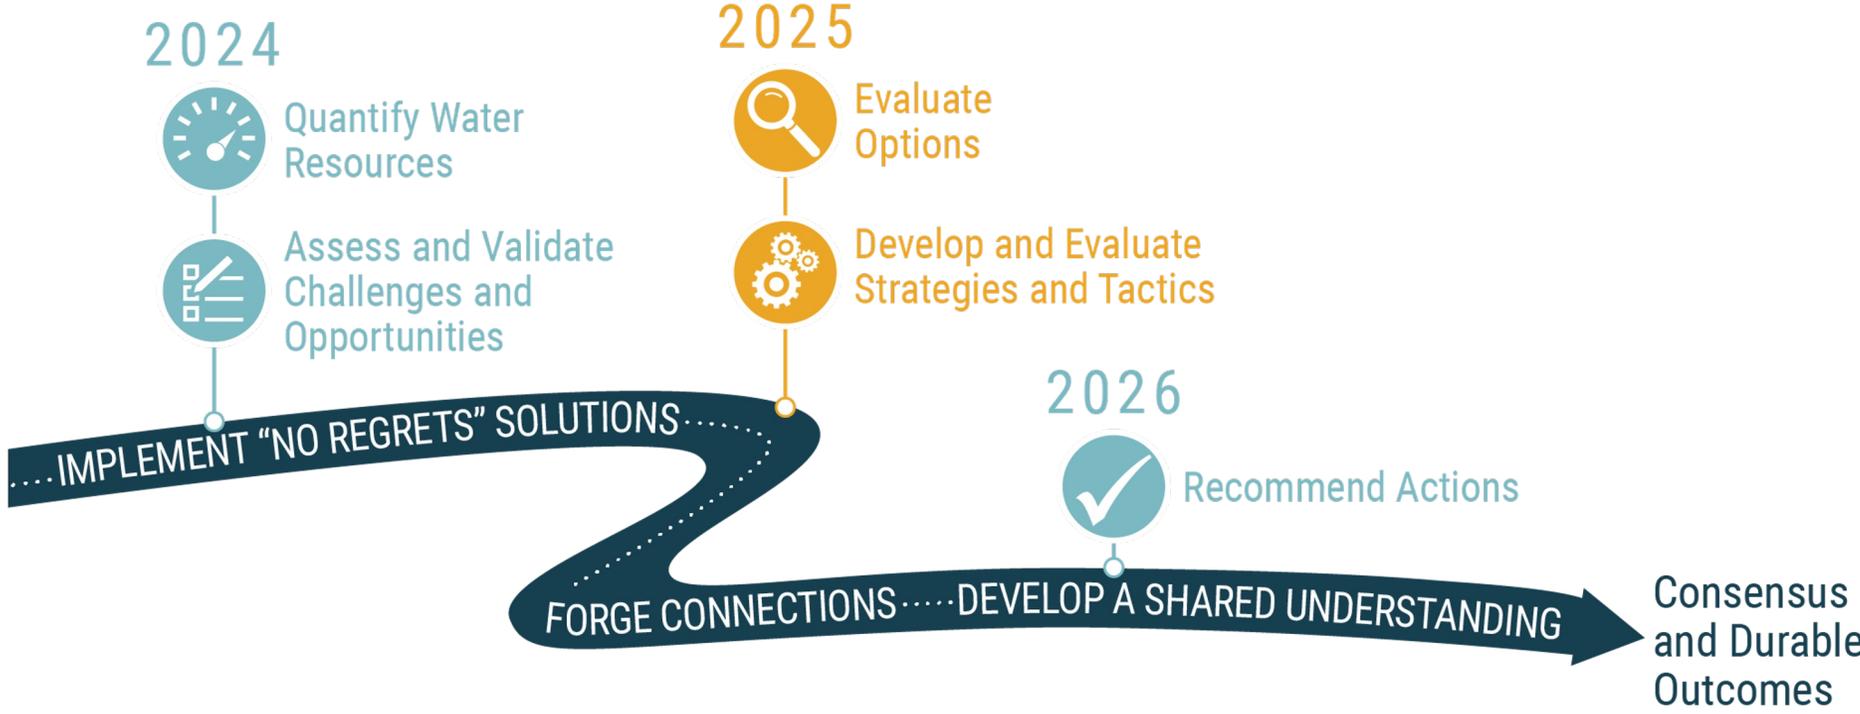

## The Work Plan for the GSLBIP

# Integrating Partners and Activities

**Legend**

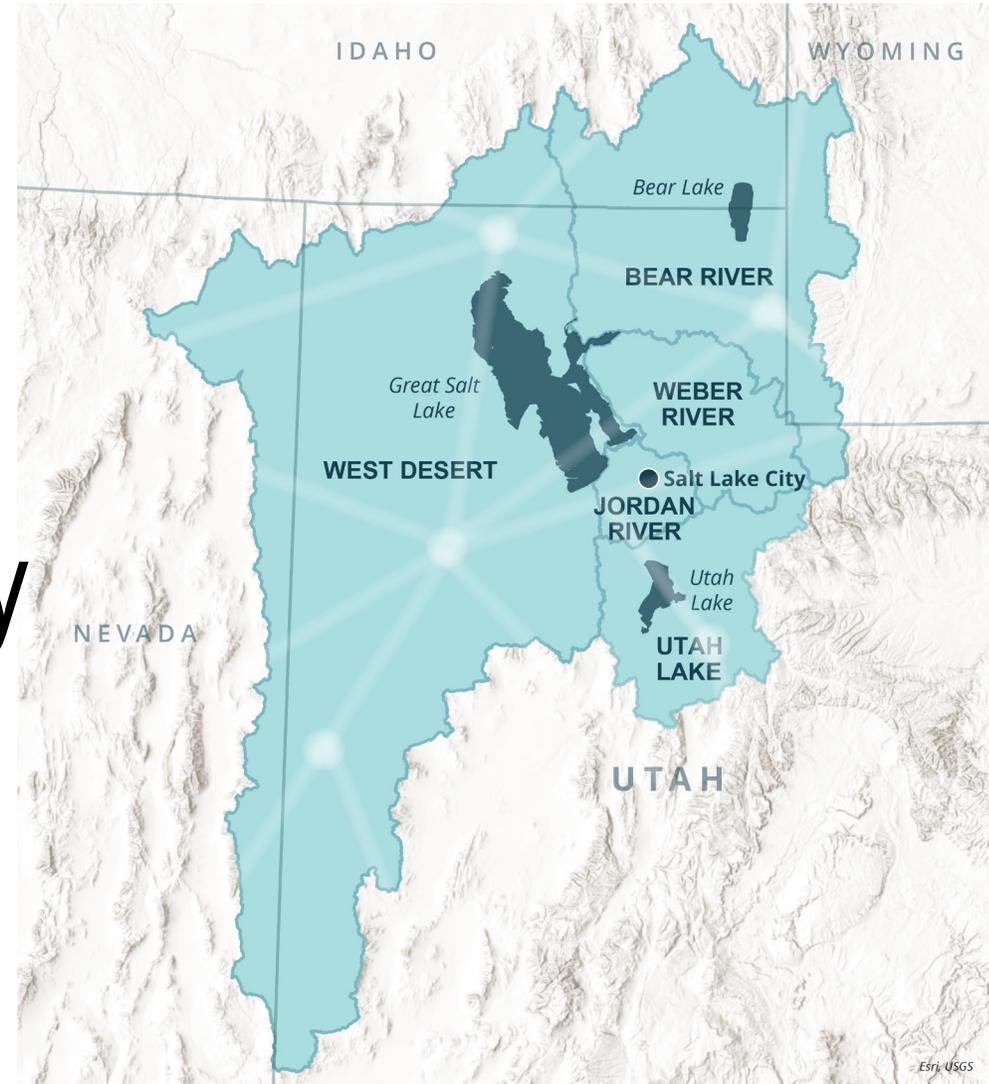

- Making Decisions
- Strategic Research
- Solutions Development
- Capacity Development

# Work Plan Rollout

- Mid-November release
- November 15 presentation to the legislature
- December 7 open house
- 45 + day review period
- Comment period ended January 8
- BIP work begins January 2024
